

Most for Food and Clothing—\$100,000 for Taking Soldier Vote.
ALBANY, Feb. 17.—An emergency appropriation bill carrying a total of \$2,044,000 was introduced in the Legislature last night by Chairman Henry M. Sage of the Senate Finance Committee. Of this amount \$2,020,000 is for food, fuel and clothing for State hospitals and \$24,000 for the same purpose in the State charitable institutions. Another item of \$100,000 is intended to cover the cost of taking the soldier vote at the State election last November.

ALL MEN AT HOME SHOULD PREPARE FOR WAR.

The first test a man is put through for either war or life insurance is an examination of his water. This is most essential, because the kidneys play a most important part in causing premature old age and death. The more injurious the poisons passing thru the kidneys the sooner comes decay—so says Dr. Pierce of Surgical Institute, Buffalo, N. Y., who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweetened daily and take Anuric, double strength, before meals.

This An-uric is a late discovery of Dr. Pierce and is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Take a little Anuric before meals and prolong your life. Send 10 cents to Dr. Pierce for trial package. Large pkg. 60c, at all druggists.

BRUSHTON, N. Y.—"I have taken one pkg. of Dr. Pierce's Anuric Tablets for lame back and weak kidneys and was much benefited. My back commenced to get better soon after starting to use the Tablets. I do not have to walk doubled over as I did before taking them. 'Anuric' is the best remedy I have ever taken for what it is intended for."—A. G. DRAKE, Route 1, Box 76.

ITHACA, N. Y.—"This is to certify that I have used Dr. Pierce's Anuric Tablets and have not only been helped, but entirely cured of my trouble, and I feel greatly indebted to Dr. Pierce for the help I have received. I can cheerfully recommend Anuric to any one who is troubled with an excess of uric acid in the system."—GEO. S. BROWN, 207 Linden Avenue.—Adv.

A SHAMPOO WORTH TRYING

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of Candorin, which can be obtained from any druggist, in a cup of hot water. The hair will be soft and feel like doing "full size" work. Candorin is better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

GOVERNOR NAMES BOARD TO ARRANGE FOR UPTON PARADE

10,000 Soldiers Likely to March Through City's Streets on Washington's Birthday.

Gov. Whitman has appointed a special committee to raise the funds and complete the arrangements for the parade of 10,000 picked troops from the drafted men at Camp Upton in this city on Washington's Birthday.

The Governor, who is at the St. Regis for a few days, acted within an hour after he had received word from Albany that the Assembly had adopted a resolution honoring the parade.

When the good news reached the troops in camp at Upton there was intense excitement. Both officers and men expressed a keen desire that a representative body of its troops be given the opportunity to demonstrate what its draft quota has accomplished in a few months.

The Governor appointed George W. Loft, Chairman of the Mayor's Committee on National Defense, Chairman of the new committee. Mr. Loft immediately accepted the appointment, and after a telephone conversation with the Governor announced the entire Mayor's committee and the forty-six members of the Extension Board of Appeals had been chosen to serve on the Governor's committee. Assemblyman Schuyler Meyer, who offered the resolution, has been made secretary of the committee, and Henry Macdonald of the Mayor's committee, assistant secretary.

"I am strongly in favor of the parade," said Gov. Whitman. "We want to make it a big thing for New York. I believe it will arouse enthusiasm and stimulate the people of the city."

"I do not anticipate any difficulty in raising the necessary money," said Mr. Loft. "There are many patriotic men and women in the city only too willing to dig down in their

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They live the liver and bowels and straighten you right up.

Don't be bilious, constipated, sick, with breath bad and stomach sour.

To-night sure! Take Cascarabs and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing "full size" work. Cascarabs are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

Mothers should give cross, sick, bilious, feverish children a whole Cascarab any time as they cannot injure the thirty feet of tender bowels.—Adv.

WARM WEATHER LIVENS THINGS UP AT SPARTANBURG

More Troops in Trenches and on Ranges—Camp's Health Is Better.

(Special from a Staff Correspondent of the Evening World.)
SPARTANBURG, S. C., Feb. 12.—With every camp activity in full swing again this morning, after a delay of weeks on account of unusually severe weather, the Third Battalion of the 107th Infantry went in to the trenches for a seventy-two-hour stay, the longest period that any of the troops here have yet had in this particular line of instruction. Several war problems are to be worked out.

There will be one regiment of artillery and two battalions of infantry on the rifle range at Glassyrock from now on. The 105th Artillery returns to camp this week and the 104th regiment takes its place. The infantry goes out a single company at a time. Each company gets seven days of target practice and returns to camp.

Lt. Col. Thurston of New York, representing the American Red Cross, has arrived here and will take the work of writing daily letters to the relatives of the soldiers in the barracks hospital here. A law requiring this to be done was passed by Congress last week.

Lieut. Col. Alton Sessions, formerly of the South Dakota National Guard, has arrived and been assigned to the first pioneer infantry, the old First New York, Vice Lieut. Col. Cookingham, who has been made Adjutant of the First Brigade of Corps troops.

The weekly sick report, compiled yesterday for the Surgeon General's office, shows a rate of 23 non-effectives per thousand, against 29.08 last week. There are no contagious diseases in camp, and there have been no deaths during the past ten days.

Sergeant Oran S. Baldwin, Company A, 102d Military Police, has been appointed Second Lieutenant and will remain with that organization.

Second Lieut. Frank G. Henderson, 105th Infantry, has been promoted to be First Lieutenant.

BROKEN DOWN ENGINES HALT RAILWAY TRAFFIC

Failure to Repair Rolling Stock Blamed on Roads—Overtime Ordered in Shops.

WASHINGTON, Feb. 12.—Because of the shortage of locomotives and the breaking down of hundreds of others, the railroads are seriously hampered in transportation and face a still worse situation.

Director General McAdoo today took measures to speed up repairs in order to relieve conditions. Increased hours of labor will be resorted to on direct appeal to A. C. Wharton, representing the shop mechanics. Overtime will be the rule until every locomotive is back on the tracks with a maximum load.

Inspectors of the Interstate Commerce Commission have discovered that engines overworked for months are now showing the effect of the refusal of railroad officials to improve or care for their rolling stock.

FLOOD DRIVES HUNDREDS FROM CINCINNATI HOMES

Ohio River Overruns Lower Part of City—Ice Gorge Near Browns-ville, Pa., Dynamited.

CINCINNATI, Feb. 12.—Hundreds of families were forced to flee from their homes here today when a rise in the swollen Ohio River flooded houses in the river district. The water is still rising and will continue to do so as long as the big ice gorge here holds. Weather officials say the large surge, representing the melting of the snow, is expected to break up the ice-mass in the Ohio River near Browns-ville, Pa., by the use of dynamite. The dislodging of the large surge, three feet high in places, will permit the shipment of more than 100,000 tons of coal daily from the mines and allow more than 100,000 miners to return to work.

AMERICAN ARMY AND NAVY WILL USE ELLIS ISLAND

Some of the Buildings Will Be an Assembling Depot for Two Services.

WASHINGTON, Feb. 12.—Secretary Baker announced today that part of the buildings and facilities at the Ellis Island, New York, Immigration Station had been made available for army and navy uses by an agreement with Secretary Wilson of the Labor Department. A joint Army-Navy Board has arranged for allotment of space between the two services.

The army's portion will be used as a clearing house for soldiers returning from abroad. They will be quartered there until transported to their posts. The island hospital facilities will be used for returning sick, pending their distribution to various army hospitals throughout the country.

The navy will employ its portion of the island to assemble crews for outward bound craft. Men will be quartered there until sent either on navy vessels or as naval guards aboard merchant craft.

Mayors of State Called to War Conference

ALBANY, Feb. 12.—Mayor C. F. Burns, Mayor of the State Conference of Mayors, has issued a call for a war conference of that organization in this city for March 4.

For Acid Stomach, Indigestion, Gas or Food Souring—Pape's Diapepsin

Instant Relief! Neutralizes excessive stomach acids, stopping dyspepsia, heartburn, belching, pain.

Do some kinds of food you eat hit back—taste good, but work badly, ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Diapepsin, get this: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset, you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief some-

times—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gas, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder due to acid fermentation.—Adv.

6,995 JERSEYITES BEGIN MOBILIZATION ON FEB. 23

New Draft Men Move From Newark and Essex County to Camp Dix on the 25th.

TRENTON, N. J., Feb. 12.—The Adjutant General's Department today gave out the routes and dates of the various contingents making up New Jersey's next quota of men called under the Selective Service Law. The next quota is 24 per cent of the total and will number 6,995 men. Of these 535 will leave their homes on Saturday, Feb. 23. The biggest contingent will start on Monday, Feb. 25, when 2,754 will get under way for Camp Dix.

On the following day, the 25th, 1,743 will go and 621 will move on the following day. All the men from Newark and Essex County leave on the 25th, except those from Orange and East Orange, who leave on the following day. Patterson, Passaic and Passaic County will send their contingents on Saturday, the 25th.

Hold Alleged Boy Robber.

Paquale Neapolitano, the fifteen-year-old Brooklyn boy arrested Sunday morning on a charge of holding up and robbing a United States Marine, was remanded to the Brooklyn Children's Society yesterday on a charge of juvenile delinquency. He will be tried Friday. The police have not found any trace of his alleged young woman accomplice.

Slayer of Policeman Faces Twenty Years

The Jury in General Sessions before which George Stivers, young apprentice in the 22d Precinct, was arraigned on trial for a week, charged with shooting to death Patrolman Samuel Cunningham when the latter was trying to arrest him for stealing an automobile, brought in a verdict just before midnight of murder in the second degree.

The verdict carries a penalty of imprisonment for from twenty years to life.

Stivers will be sentenced Friday.

The shooting took place May 15 last on Precinct Avenue. Stivers had eloped the day before with fifteen-year-old Maybelle de Laite, with the intention of taking her to Connecticut and marrying her. Her father's automobile broke down and he stole another, in which he and the girl were sleeping when the policeman approached and asked them to go to the station house with him.

ACT TO-MORROW ON U. H. T.

Federation of Labor Will Insist All Unions Be Recognized.

The Executive Council of the American Federation of Labor in Washington will take up to-morrow the United Hebrew Trade Union's demand that all A. F. of L. unions be admitted to its ranks. A large delegation of New York labor leaders will be on hand to urge the council to insist upon its ultimatum and compel its unions which are also in the U. H. T. to choose between the two organizations.

Secretary Ernest Bohm and R. T. Hendell will represent the Central Federation of Labor in the U. H. T. James P. Holland, President of the State Branch of the A. F. of L., representative of the Garment Workers of America, and of the Buffalo Central Union.
